## SUMMARY

Skilled Software Developer with expertise in full-stack development, mobile applications, and SaaS solutions. Proficient in coding, debugging, and integrating analytics. Strong collaborator in Agile/Scrum teams with hands-on experience in React Native, Next.js, Firebase, MongoDB, and cloud platforms.

## EDUCATION

### B.Tech in Computer Science Engineering (AI & ML).

09/2020 - 07/2024

- ❖ GNIT - Guru Nanak Institute of Technology, Hyderabad

### Intermediate.

- ❖ Narayana Junior College, Hyderabad

06/2018 - 06/2020

### Board of Secondary Education.

- ❖ Alberta Concept High School, Hyderabad

03/2018 - {Passed Out}

## WORK EXPERIENCE

### Optiblack LLC.

03/2025 - {Present}

#### ❖ Full Stack Engineer (remote)

- Applied AI/ML knowledge to real-world challenges, contributing to innovative solutions and enhancing both technical and problem-solving skills through hands-on experience.
- Collaborated with a team of developers to create applications similar to Discord and live chat platforms.
- Gained hands-on experience in software development, understanding team responsibilities, and effective work management.

### Noor Al-Khait LLC.

07/2024 - 02/2025

#### ❖ Software Developer (remote)

- Developed software features using Java and Python programming languages
- Collaborated with team members to troubleshoot and resolve technical issues.
- Participated in code reviews to ensure quality and best practices were followed

### PHN Technology Pvt Ltd.

04/2023 - 06/2023

#### ❖ Machine Learning with Data Science -Python (Intern)

- Gained hands-on experience in python for data analysis, including NumPy, Pandas and Matplotlib for data manipulation and visualization.
- Implemented machine learning algorithms such as linear regression, decision trees, and k-means clustering on real-world datasets.
- Completed this short internship to understand industry workflows and maintain a productive learning experience.

## SKILLS

- ❖ Strong Organizational and Time Management Skills
- ❖ Attention to detail
- ❖ Exceptional Communication and Interpersonal Skills
- ❖ Ability to work independently and as a part of a Team
- ❖ Active Listening and creative mindset

## TECHNICAL SKILLS

- ❖ **Programming Languages** – Proficient in Python, JavaScript, React Native; Basic Proficiency in Java
- ❖ **ML & DS** – Algorithms, model building, predictive analysis
- ❖ **Databases** – SQL & NoSQL (MongoDB, Firestore); Queries, schema design, optimization
- ❖ **Cloud Platforms** – Microsoft Azure, Google Cloud Platform, Firebase
- ❖ **Frontend Development** – HTML, CSS, JavaScript, React
- ❖ **Backend Development** – REST APIs, SaaS solutions development, dot net
- ❖ **Version Control & Collaboration** – Git, GitHub, Agile/Scrum
- ❖ **Containerization** – Docker (deployment & scaling)
- ❖ **IDEs** – Eclipse, Visual Studio Code, Visual Studio, PyCharm

## PROJECTS

- ❖ **School Sync Portal**  
**TECHNOLOGIES USED:** React Native, Python, Machine Learning, Google Cloud Run
  - Developed a React Native app for school administration and student portal, leveraging ML to predict student marks based on performance and attendance.
  - Designed an intuitive UI for tablets and mobile, enabling real-time data access for administrators and educators
- ❖ **POS App**  
**TECHNOLOGIES USED:** React Native, Express.js, SQL Server, Azure, SQLite
  - Developed a restaurant billing app integrating Azure-hosted SQL Server backend with local SQLite storage for offline capabilities.
  - Designed a tablet-optimized interface ensuring seamless and efficient billing operations.
- ❖ **Colony Management App**  
**TECHNOLOGIES USED:** React Native, Firebase (Firestore & Storage), Authentication
  - Developed a mobile app for colony maintenance with property tracking, receipt management, and integrated payment portal.
  - Leveraged Firebase for real-time database, authentication, and cloud storage for secure and smooth operations.
- ❖ **Portfolio Website**  
**TECHNOLOGIES USED:** Python, Docker, Google Cloud Run
  - Developed a personal portfolio website using Python, containerized with Docker, and deployed on Google Cloud Run.
  - Showcases projects, skills, and professional experience with responsive and interactive UI.

## LICENCES & CERTIFICATIONS

- ❖ The Complete Python Pro Boot Camp
- ❖ PHP Crash Course
- ❖ CSS, Bootstrap, JavaScript And PHP Stack
- ❖ Machine Learning & Data Science with Python

## LANGUAGES

- ❖ ENGLISH
- ❖ HINDI
- ❖ URDU
- ❖ TELUGU
